

# Is ESP real?

## It is at the Psych-Out Cafe!

Have you seen the hit television shows "The Mentalist," "Lie to Me," or even "Psych?" And have you ever wondered, "Can someone really do that?"

The answer is yes ... Fred Zimmerman can.

Fred is the son of a cop - in fact, his family is filled with them ... even some of the women! And no one is better at getting inside someone's head than a good cop.

But instead of joining the force. Fred became an actor & performer, and for the past 25 years, he has been getting inside the heads of his characters in comedies, dramas, and musicals in National Broadway touring companies, regional and stock companies, and here in Chicago.

But now he's turned it around, and is getting inside the heads ... of his audience.

Fred's audiences experience mind-blowing experiments that test their "psychic" abilities, and incredible demonstrations of "ESP" that provide a glimpse into the secret world of psychic practitioners.

### **Highlights include:**

- **The Human Lie Detector** - Fred TURNS UP THE HEAT on select audience members to determine which one is "The Liar"- and the audience gets to be Lie Detectors too!
- **The HOW** - Fred gets inside the heads of individual guests while everyone learns how "psychics" make it look real!
- **Poker Face** - Ever wonder what it would be like to KNOW what your opponent at the poker table was thinking? You'll be buying two tickets to Vegas after you see Fred read several audience member's "tells" and look right into their mental poker hands.
- **Hidden Meanings** - We all know that things are not always what they seem ... or are they? The entire gets audience involved in what appears to be a simple mental exercise, but the results ... are downright SPOOKY!

And of course, there's much more as well. "The Psych-Out Cafe" is unique entertainment for a new breed of audience.
